CHARTER MEMBERSHIPS - NOT TAX DEDUCTIBLE

These are offered during our fundraising campaign as a one-time large donation attached to a named residence. Those owning or occupying the "Charter Residence" will have free use of the pool for its viable and active life. (Please remember that our last pool was used for about 60 years). Charter Membership benefits will transfer with the sale or other transference of the residence, giving the property value-added status when marketing it. Charter Memberships will provide a major boost of financial support, but will not be tax deductible. The purchaser of a Charter Membership will be issued a notarized certificate to be attached to the property title. Additionally, an engraved brick with his/her name and designation of "Charter Member" will be created for inclusion in the associated walkways. Although the benefits will be the same whether in town or outside of the town limits, there is a cost differentiation because town residents are already supporting the pool through town taxes.

- Town Residents may purchase a Charter Membership for \$12,000 toward the pool construction. ()
- Residents outside of town limits may claim the same benefit by paying \$15,000. ()
- Corporate charter memberships (marinas, hotels, etc.) will be negotiated based on type and size of business.

SPONSOR A BRICK - NOT TAX DEDUCTIBLE

Customized bricks will be used at access points to the pool complex. Each 4 x 8 inch brick will cost \$200.00. It may be engraved in memoriam or in celebration of an individual, family, or business, utilizing a maximum of three lines. Number of bricks to be purchased (_____).
